TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with a pinch added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur soap, after another application, a canker way is to get a bottle of Weyth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, no one can tell. It does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

GREATEST DANGER FOLLOWS GRIP

Weakened Victims Fall Easy Prey To Other Diseases

The getting well stage of grip, pneumonia or other illness, is the most dangerous of all because the body, weakened by the disease, is wide open to attacks of other lurking germs.

That is why all the organs of the body must be kept in their best working order, not only to drive out the poison left by the disease, but that the patient shall regain strength as soon as possible to avoid further attacks resulting from the poisons in the system.

As a means toward good health after any illness Father John's Medicine builds up the body because it is all pure wholesome nourishment and free from opium, morphine, chloroform or other poisonous drugs or alcohol.

Father John's Medicine has had 60 years' success for colds and throat troubles, coughs and sore throats, and as a tonic and body builder.

Proof:

"After an attack of pneumonia the doctor ordered me to give my baby Father John's Medicine and as a result he regained health and strength. I always give it to my children whenever they catch cold. I am writing this to tell you how grateful I am to Father John's Medicine." (Signed) Mrs. Geo. Hunsberger, 1064 Pike St., Reading, Pa.

Building, strengthening food value, Father John's Medicine is an ideal family medicine for all who are weak and run-down.

THREE WILLS FILED

The value of the estate of the late William S. Mattingly, former president of the District Bar Association, who died recently, is estimated at \$81,000. The will, filed by the son, Arthur S. Mattingly, executor of the estate.

A will dated two days before he died, executed by John Suraci, October 9 last, has been filed for probate. Another will dated July, 1914, in which he cut his four brothers off with \$5 each and named Esther Lena Shuler legatee, was also filed. In the last will, which invalidates the earlier testament, testator gives the estate to his brothers, Carmelo, Demetrio, Severio and Carlo and to his sisters Giuseppeina, Mangarano and Pasqualeina Vilella.

Mrs. Eva May Bowles, in the will of her late husband, William L. Bowles, dated November 22, 1915, is named as the sole beneficiary of his estate.

URGE ONION EATING

Help the farmer and fight off influenza by eating onions, is the gist of an appeal issued today by the District Food Administration.

Onions at present price represent cheap food values, according to a Food Administration bulletin, which declares farmers are not receiving enough for them to cover the cost of production.

The prevailing wholesale price this morning in Center Market was about 2.00 per hundred pound sack while the fair retail price is only 10 cents per quarter peck.

Farmers are only receiving \$1.00 to \$1.25 for onions, which is not sufficient to cover the cost of production.

Food authorities point out that the low price of onions is especially timely since their efficacy in working off influenza germs has been recognized by health authorities.

START SALVAGE SYSTEM

E. M. Haruch, of the War Industries Board today announced the organization of a War Prison Labor and National Waste Reclamation Section with Hugh Frazee as its executive.

The purpose of this organization is to establish a national salvage system in order to speed up the collection of waste material. The creation of headquarters in every town, village or city with a population of 2,000 or more will be started immediately.

8 BRITONS ELUDE TURKS

LONDON, Oct. 24.—Eight British officers, captured at Kut-el-Amara, have reached England. The party escaped from a Turkish prison camp in the interior of Asia Minor.

They reached the sea after a fortnight. A Turkish patrol boat was discovered in a creek and the party took possession of it. Sailing toward Cyprus and steering to the sun and stars, they reached the island when on the verge of starvation, having crossed 120 miles of open sea.

CHICAGO AIR MAIL DELAYED.

CHICAGO, Oct. 24.—The Chicago-New York airmail service scheduled to start November 1 will be delayed about one month because about \$15,000, required to build a hangar in Chicago, has not been raised. It was announced here today.

BLAST KILLS 70 GERMANS.

DRESDEN, Oct. 24.—Seventy persons were killed and fifty wounded in an explosion which occurred in a factory at Dresden, on the Elbe, yesterday morning. The explosion was caused by a gas leak. Other victims are believed to be still in the ruins.

FRIDAY—STORE NEWS OF LANSBURGH & BRO.

EDITORIAL

Every morning, as we come to the office, we meet a man with his mustache all curled and turned up at the corners just like the Kaiser's.

Now, that was it, no doubt, a perfectly good American, and yet we can hardly resist the temptation to grab him by the ear and drag him down to the Intelligence Department for a peep into his doings and past life.

We hope that man will read this little space, realize what wears a mustache similar to his and at least clip off the turned up ends.

He's a nice looking chap and we certainly do hate to feel toward him as we do all because of an association in our mind which we are unable to prevent.
